WORK EXPERIENCE

Software Engineering Intern
Microsoft, Redmond WA, Summer 2016
- *OneDrive/Sharepoint eXperience and Platform Team*
- Working to create UI to allow admins to render links that have been shared and execute administrative actions
- Utilizing C#, ASP.NET, Javascript, CAML queries

Explorer Intern
Microsoft, Redmond WA, Summer 2015
- Spoke with customers to research potential ideas that improve employees' efficiency in resolving failures.
- Utilized SQL, C#, Javascript and HTML to retrieve call stacks, result logs, and failure information from databases and presented them to customers more effectively.

ACM-ICPC (Intercollegiate Programming Contest Team)
Virginia Tech, Fall 2014 – Present
- Utilize Java and high-level data structures to solve various programming/logic problems.
- Competed and placed 37 out of 184 teams in Mid-Atlantic Regional Contest at Radford University.

LibFx Undergraduate Researcher
Virginia Tech, Spring 2015
- Used Python and Linux to create displays of the real-time use of VT's Digital Libraries.
- Attempt to recognize multi-word searches using powerful operating systems and Python libraries

Digital Content Part-Time Developer
Modea Digital Consultancy, September 2014 – December 2014
- Developed web applications using XML and Photoshop to create mobile simulators and emulators.

Software Intern for Namespace Mandate Demos, *Axone SA*, Geneva, Switzerland – Summer 2014
- Worked overseas to improve user interface of the "Lexical Research Tool" for the city of Paris.
- Utilized PHP and SQL to provide clients useful navigation for their domain-name data.
- Created search bars, numerous table displays, word clouds, and menus for easy user experience.

AWARDS

University Honors Academic Merit Scholarship, Spring 2016
Google Grace Hopper Travel Grant Recipient, Fall 2015
Microsoft Scholarship Award Recipient, Spring 2015 & 2016
***"Computer Science Resources Consortium"* Scholarship Recipient,** Virginia Tech, Fall 2014
Dean's List/Dean's List with Distinction – Virginia Tech, Spring 2013 - Present
CAPWIC 2014 – Celebration of Women in Computing Conference Attendee, Spring 2014

EDUCATION

Virginia Tech – Blacksburg, VA *September 2013 - May 2017*
B.S, Computer Science with Honors
Minor in Industrial Design **GPA - 3.70**

Coursework: Computer Systems, Data Structures and Algorithms, Computer Organization II, Mobile Software Development (iOS), Human-Computer Interaction, Statistics for Electrical Engineers, Combinatorics, ACM-ICPC Programming Team

University of Edinburgh – Edinburgh, Scotland *Spring 2016*
Visiting Student in the College of Informatics

Coursework: Computer Security, Theoretical Computer Science, Natural Language Processing

PROJECTS

Park Painter, StudentHack IV, Manchester Metropolitan University UK, Spring 2016
- Used Swift, Python, to create "geo-caching" iOS application used for creating & exploring art in local parks
- Winner of "Best Use of the Yelp API" – https://devpost.com/software/park-painter
